# USFS Basic Skills Events

# USFS Basic Skills Event Information

## ELIGIBILITY:

The competition is open to ALL skaters who are current eligible (ER 1.00) members of either the Basic Skills Program and/or are full members of U.S. Figure Skating. To be eligible, skaters must have submitted a membership application or be a member in good standing. Members of other organizations are eligible to compete but must be registered with the host Basic Skills Program/club or any other Basic Skills Program/club.

Eligibility will be based on skill level as of closing date of entries. All **Snowplow Sam and Basic Skills 1-8** skaters must skate at highest level passed or one level higher and NO official U.S. Figure Skating tests may have been passed including MIF or individual dances.

For the **Free skate 1-6, Test Track and Well Balanced levels**, eligibility will be based only upon highest free skate test level passed (moves in the field test level will not determine skater's competitive level). Skaters may skate at highest level passed OR one level higher BUT not both levels in the same event during the same competition.

**It is very important to the success of the competition that skaters are placed in the correct divisions. If, for whatever reason, the Local Organizing Committee discovers that a skater has been placed in a category that is below their class level, the chairman and referee will have the option to move the skater into the proper division, even if this has to be done the day of the competition. This will ensure that every event is as fair as possible to the competitors.**

## JUDGING:

The USFS events will be judged according to the rules and regulations set forth in the U.S. Figure Skating Basic Skills Competition Manual 2012-2013.

There will be a hospitality area open to all judges, coaches, and volunteers.

## RULES:

The USFS events in this competition will be conducted in accordance with the 2012-2013 US Figure Skating Basic Skills Competition Manual and the 2012-2013 US Figure Skating Rules and Standards.
